Content Overview

The 2019 Market Share Report for Life includes all companies currently listed as having Business Written on the Life Statement for the 2019 year. This includes Licensed Companies, Surplus Lines, and Risk Retention Groups.

This report generally omits companies with zero 2019 Illinois Direct Premiums Written and zero Annuity Considerations in a given line of business, except where losses incurred are present.

Illinois Market Share percentage has been calculated as: Direct Premium Written (or Annuity Considerations) divided by Total Illinois Direct Premiums Written (or Total Annuity Considerations) multiplied by 100. Market Share is calculated both per line of business within the Life Statement filing group, and as an Overall Market Share, according to Direct Written Premiums/Annuity Considerations.

This report includes the following amounts (per company, and aggregated per line of business): Illinois Direct Premiums Written, Illinois Direct Premiums Earned, Illinois Direct Losses Incurred, Illinois Pure Direct Loss Ratio (the ratio of losses incurred during 2019 to the earned premium for 2019), Annuity Considerations, Illinois Dividends, and Direct Benefits Paid. All data in this report relies upon financial information for the state of Illinois only, as found in the 2019 Annual Statements.
