Rating Organization Data Submission

As required by the Illinois Insurance Code, Section 1204 (C-3)
September 1, 2021

Item 1 – Paid and incurred losses for each of the past 10 years.

Exhibit 1 shows policy year losses, as reported to NCCI by insurance carriers, for the last ten years. Paid and Paid+Case losses are shown separately for indemnity and medical.

Item 2 – Medical payments and medical charges, if collected, for each of the past 10 years.

Exhibit 1 contains the medical payments for the last ten policy years. Medical charges are not readily available.

Item 3 – The following indemnity payment information: cumulative payments by accident year by calendar year of development. This array will show payments made and frequency of claims in the following categories: medical only, permanent partial disability (PPD), permanent total disability (PTD), temporary total disability (TTD), and fatalities.

Exhibit 2 contains claim counts and cumulative losses by policy period, by calendar year of development. Data is aggregated by policy period, and represents case incurred losses. Data aggregated by accident year, and including only paid losses is not readily available. Indemnity losses are provided by injury type for PPD, PTD, TTD, and fatal claims. There are no indemnity losses for medical only claims.

Item 4 – Injuries by frequency and severity.

Exhibit 3 shows, for the most recent three available policy periods from the latest NCCI Annual Statistical Bulletin, the frequency of claims and the average ultimate cost of claims for each injury type.

Item 5 – By class of employee.

Exhibit 4 contains data by classification code for the latest available policy period. For each class, the exhibit contains claim counts and total case incurred losses. Claim counts include both lost-time and medical only claims.
