RE: Company Bulletin 2022-08

Under Public Act 102-0775, uninsured motor vehicle property damage coverage offerings were revised as outlined under 215 ILCS 5/143a.

Although changes to 215 ILCS 5/143a. are effective immediately, the Department of Insurance is allowing a grace period for companies to implement this change. All companies are expected to comply with changes to 215 ILCS 5/143a no later than January 1, 2023.

Additionally, 215 ILCS 5/143a(2) states "Each insurance company providing motor vehicle property damage liability insurance shall advise applicants of the availability of uninsured motor vehicle property damage coverage, the premium therefor, and provide a brief description of the coverage." Because of changes in coverage availability as well as potential changes in coverage options, the notice identified under 215 ILCS 5/143a(2) should be reissued with the first renewal subsequent to January 1, 2023.

Please direct questions regarding this Bulletin to Deputy Director of Property & Casualty Product Lines Julie Rachford at julie.rachford@illinois.gov.
