All filings are public record in accordance with 215 ILCS 5/404 except where another provision of the Insurance Code says otherwise. The only code section that allows for a filing to be a trade secret or confidential is 215 ILCS 157/40 Use of Credit Information in Personal Insurance Act.

The Department's checklists include summaries that do not provide detailed information about all laws, regulations and bulletins. Therefore, the insurers should review the actual laws, regulations and bulletins to ensure forms are fully compliant before filing with the Department.

A form filing fee is required pursuant to 215 ILCS 5/408 (1)(jj).

If the insurer fails to provide 60 days notice in advance of the renewal or anniversary date but provides notice at least 31 days prior to the renewal or anniversary date, the company must extend the current policy under the same terms, conditions and premium to allow 60 days notice and provide the actual renewal premium quotation and any change in coverage or deductible on the policy. If the insurer fails to provide 31 days advance notice as described above, the insurer must renew the expiring policy under the same terms and conditions for an additional year or until the effective date of any similar coverage procured by the insured, whichever is earlier. The insurer may increase the renewal premium; however, such increase must be less than 30% of the expiring term's premium and notice of such increase must be delivered to the named insured on or before the date of expiration of the current policy period.
