The Department's checklists include summaries that do not provide detailed information about all laws, regulations and bulletins. Therefore, the insurers should review the actual laws, regulations and bulletins to ensure forms are fully compliant before filing with the Department.

A form filing fee is required pursuant to 215 ILCS 5/408 (1)(jj).

> The increase in premium shall be the renewal premium based on the known exposure as of the date of the quotation compared to the premium as of the last day of coverage for the current year's policy, annualized. The premium may be subsequently amended to reflect any change in exposure or reinsurance costs not considered in the quotation. The renewal notice must provide the specific dollar amount of the premium. Renewal notices issued with the wording "your premium increase will be 30% or more" do not comply with the Code.

Notification must also be mailed to the insured's broker, if known, or the agent of record and to the mortgage or lien holder listed on the policy.

If the insurer fails to provide 60 days notice in advance of the renewal or anniversary date but provides notice at least 31 days prior to the renewal or anniversary date, the company must extend the current policy under the same terms, conditions and premium to allow 60 days notice, and provide the actual renewal premium quotation and any change in coverage or deductible on the policy. If the insurer fails to provide 31 days advance notice as described above, the insurer must renew the expiring policy under the same terms and conditions for an additional year or until the effective date of any similar coverage procured by the insured, whichever is earlier. The insurer may increase the renewal premium, however such increase must be less than 30% of the expiring term's premium, and notice of such increase must be delivered to the named insured on or before the date of expiration of the current policy period.
