Section 1: Purpose

The following is a rate filing prepared by UnitedHealthcare Insurance Company of Illinois. This filing has been prepared to provide the necessary information required by the Department of Health and Human Services and the state of Illinois. The purpose of this memorandum is to provide information relevant to the Federal Part I Unified Rate Review Template (URRT).

This filing establishes rates intended to be used for non-grandfathered PPACA compliant small group health benefit plans sold off the Small Business Health Options Program in Illinois for the 2025 plan year. A rate increase is being filed at this time. The rates and other information in this submission are based on the current regulations and guidance from HHS. Changes to this filing may be necessary if there are revisions to the regulations or updated guidance from HHS.

This memorandum is intended solely for the information of and use by the Department of Health and Human Services and the Illinois Department of Insurance. It will demonstrate compliance with state and federal laws and regulations related to the development of the index rate and allowable rating factors and is not intended to be used for any other purpose.

The attached document contains confidential, proprietary information and trade secrets. This information is strictly confidential and protected from disclosure by Exemption 4 of the U.S. Freedom of Information Act, 5 U.S.C. §552. If the prohibition against disclosure by the Illinois Department of Insurance is reassessed at a later date, it may not be disclosed to any other state or federal regulatory agencies unless the recipient agrees in writing prior to receipt to maintain the confidentiality of the information.

Section 2: General Information

Market: Small Business, 1-50
Proposed Effective Date: January 1, 2025

Primary Contact Information

[REDACTED]

Section 3: Proposed Rate Changes

The proposed change in rates for this filing is [REDACTED] compared to the prior filing. These changes are applied uniformly to all plans. The proposed pricing trend is [REDACTED] annually.

The primary drivers of the proposed rate changes are the following:

- Changes in medical service costs
 - Increasing Cost of Medical Services – Annual increases in reimbursement rates to health care providers – such as hospitals, doctors and pharmaceutical companies.
 - Increased Utilization – The number of office visits and other services continues to grow. In addition, total health care spending will vary by the intensity of care and/or use of different types of health services. Patients who are sicker generally have a higher intensity of health care utilization. The price of care can be affected by the use of expensive procedures such as surgery vs. simply monitoring or providing medications.
 - Higher Costs from Deductible Leveraging – Health care costs continue to rise every year. If deductibles and copayments remain the same, a greater percentage of health care costs need to be covered by health insurance premiums each year.
 - Cost shifting from the public to the private sector – Reimbursements from the Center for Medicare and Medicaid Services (CMS) to hospitals do not generally cover all of the cost of care. The cost difference is being shifted to private health plans. Hospitals typically make up this reimbursement shortfall by charging private health plans more.

-
- Impact of New Technology – Improvements to medical technology and clinical practice often result in the use of more expensive services, leading to increased health care spending and utilization.
 - Administrative costs and anticipated profit
 - UnitedHealthcare works to directly control administrative expenses by adopting better processes and technology and through the development of programs and innovations that make health care more affordable. We have led the marketplace by introducing key innovations that make health care services more accessible and affordable for customers, improve the quality and coordination of health care services, and help individuals and their physicians make more informed health care decisions.
 - Additionally, UnitedHealthcare indirectly controls medical cost payments by using appropriate payment structures with providers and facilities. UnitedHealthcare’s goal is to control costs, maximize efficiency, and work closely with physicians and providers to obtain the best value and coverage.
 - State and/or Federal government imposed taxation and fees are additional significant factors that impact health care spending. These fees include ACA taxes and fees which have increased health insurance costs and need to be reflected in premium.
 - Changes that vary by plan
 - All plan relativity factors have been updated to reflect UnitedHealthcare’s most recent pricing model.
 - The impact of any changes to plans that have occurred due to uniform modification are also reflected in the updated plan relativity factors. Please see the “Plan Adjusted Index Rate” section of the memorandum for more detail on these changes.

We refined the medical and pharmacy plan price relativities to reflect the most recent pricing methodology and pricing models. The methodology is based on UnitedHealthcare nationwide experience data, which contains utilization frequencies and unit costs by service category, in addition to claim distributions and adjustment factors for a large number of plan design variables. Benefit design parameters such as deductibles, coinsurance, copays, out-of-pocket maximums, etc. were input for each plan. The expected paid-to-allowed relativities and expected utilization differences due to differences in cost sharing for each plan are then used to develop the plan factors for each benefit plan. All benefit plans are priced consistently with each other, with the rates differing only by the estimated value of the benefits and the expected utilization differences due to differences in cost sharing. The utilization differences do not reflect differences due to health status. The net impact of all changes by plan can be found in Worksheet 2, Section I of the Unified Rate Review Template.

Significant factors driving the proposed rate changes are discussed in further detail in Section 6 (*Projection Factors*) and Section 7 (*Credibility Manual Rate Development*) of this memorandum.

Section 4: Experience and Current Period Premium, Claims and Enrollment

Paid Through Date

The experience period is 1/1/2023 to 12/31/2023 with claims paid through 2/29/2024.

Current Date

The current enrollment and premium is reported as of 12/31/2023.

Allowed and Incurred Claims Incurred During the Experience Period

Support for estimate of incurred but not reported claims

Historical claims are categorized both by the month in which they were incurred and the month in which they were adjudicated. For incurrence months with sufficient adjudicated claims experience, incurred claims are estimated by applying completion factors derived from the historical claims. Adjustments are made based on specific knowledge of the entity (e.g. catastrophic claims, pended claims, etc.). For incurrence months where adjudicated claim experience is not sufficient to rely on completion factors, a PMPM is used to estimate incurred claims. PMPM estimates are based on expected claim seasonality patterns, monthly calendar days and work days, emerging claim trends, and other factors. The same completion factors are applied to both incurred and allowed claims amounts.

Experience Period Risk Adjustment and Reinsurance Adjustments (PMPMs)

Risk adjustments for the experience are not known at this time.

Our 2023 risk adjustment transfer PMPM is estimated using data provided to UnitedHealthcare as a result of our participation in a multi-state study done by a large, independent actuarial consulting firm. Based on the results of that study, we expect that risk level of the membership insured by UnitedHealthcare Insurance Company of Illinois

Experience Period Index Rates

Experience Period Index Rates are defined as the allowed claims PMPM for Essential Health Benefits during the Experience Period. With the breakout of the service level EHB claims, the information provided reflects a reasonable estimate of the EHBs.

Section 5: Benefit Categories

Claims were assigned to each of the benefit categories based on where services were administered and the types of medical services rendered. The benefit categories were defined by our claims department using standard industry definitions.

Inpatient Hospital

Includes non-capitated facility services for medical, surgical, maternity, mental health and substance abuse, skilled nursing, and other services provided in an inpatient facility setting and billed by the facility.

Outpatient Hospital

Includes non-capitated facility services for surgical, emergency room, laboratory, radiology, therapeutic, observation, and other services provided in an outpatient facility setting and billed by the facility.

Professional

Includes non-capitated primary care, specialist care, therapeutic, the professional component of laboratory and radiology, and other professional services, other than hospital based professionals whose payments are included in facility fees.

Other Medical

Includes non-capitated ambulatory, home health care, durable medical equipment, prosthetics, supplies, vision exams, dental services and other services.

Capitation

Includes all services provided under one or more capitated agreements.

Prescription Drug

Includes drugs dispensed by a pharmacy. This amount is net of rebates received from drug manufacturers.

Section 6: Projection Factors

Trend

Two years of annual trend were applied to our 2023 experience to project it to the 2025 rating period. Our most recent analysis indicates annual trend in the state of Illinois for the 2024 and 2025 calendar years will be [REDACTED] [REDACTED] respectively. The table below details the components of each trend factor.

A large black rectangular redaction box covering the table content.

UnitedHealthcare develops forward-looking medical expense estimates based on a number of considerations. In general, recent/emerging claims experience is reviewed at the market level for several broad medical expense categories (inpatient, professional, pharmacy, etc.), with utilization, unit cost, and benefit leveraging identified for each category. Future trends are developed based on a projection of each component.

Utilization rates by category are measured and projected. Forward looking utilization levels are developed based on emerging market level data, supplemented by regional and/or national level utilization data. Macro-economic data is often used to develop assumptions regarding directional changes in national health care consumption rates. UnitedHealthcare uses same store analysis to reflect utilization.

Market-level unit cost projections are developed based on evaluations of current and anticipated provider contract economics, as well as consideration to both current and expected changes in non-contracted provider cost exposure. Unit cost projections also consider the estimated cost impact of new technologies, service availability/mandates, or other factors that might influence the mix of procedures. Unit cost is based on our contractual changes with providers.

In addition, market-level healthcare affordability activities that are expected to impact forward-looking medical costs are recognized. Depending on the nature of individual initiatives, the impact may be recognized in one or more of the component cost items discussed above. Only incremental activities are recognized for this purpose in the expected trend impact for any particular period.

Section 7: Credibility Manual Rate Development

Source and Appropriateness of Data Used

The block of business has historically demonstrated relatively stable claim patterns. For purposes of rate development, we consider it to be fully credible.

Inclusion of Capitation Payments

Capitation payments are included in both the experience and projections.

Section 8: Credibility of Experience

[REDACTED] For purposes of rate development, we consider it to be fully credible.

Section 9: Development of Projected Index Rate

The experience period index rate is [REDACTED] PMPM.

The Index Rate for the experience period is equal to the allowed claims PMPM. Benefits that are in excess of EHBs are estimated to be a de minimis amount. Therefore, the allowed claims were not adjusted to exclude these benefits.

The projected index rate of [REDACTED] was calculated by trending and adjusting the experience period index rate to the projection period, including blending the experience with a manual rate if the experience was not fully credible. It is established in accordance with the requirements of 45 CFR §156.80(d). See sections 6, 7, and 8 of this memo for more details.

Section 10: Development of the Market-wide Adjusted Index Rate

Reinsurance

There is no reinsurance program in force for this business, and as a result there are no reinsurance recoveries to report.

Risk Adjustment Payment/Charge

UnitedHealthcare Insurance Company of Illinois anticipates [REDACTED]

[REDACTED] We are assuming the risk level of our business relative to that of our competitors for the 2025 plan year will be similar to what it was in the 2023 plan year. Since risk adjustment transfer payments are a function of the market level premium, our 2025 risk adjustment transfer PMPM amount is calculated by adjusting our estimated 2023 risk adjustment transfer PMPM amount for the projected market level trend, changes in reinsurance fees and recoveries, and other adjustments based on the overall financial performance of the market.

Exchange User Fees

There are no plans included in this filing that are offered on the exchange. Therefore there are no exchange user fees.

The market adjusted index rate includes market-wide adjustments for reinsurance, risk adjustment transfers, and exchange user fees (if any).

[REDACTED]

Section 11: Plan Adjusted Index Rate

Actuarial Value and Cost Sharing Adjustment

UnitedHealthcare has a proprietary pricing model that was used in developing the actuarial value and cost sharing adjustment for each plan. The model calculates plan relativity factors for medical and pharmacy benefits. Also included under the actuarial value and cost sharing adjustment are adjustments for leveraging and the difference between the average plan relativity factor and the projected paid to allowed ratio.

Our first step in calculating the Actuarial Value and Cost Sharing Adjustment for each plan is to estimate each plan's claims responsibility break out between the member's cost sharing vs our responsibility. The pricing model noted above utilizes over 12 million member months of calendar year 2022 data to estimate these "unsloped" cost relativities between plans. All claims are re-adjudicated separately under every plan to estimate the amount of cost shifting that is driven by the plan's combination of deductible, coinsurance, copays, and Out of Pocket Maximums. These unsloped rels in this step exclude the impact of risk adjustment and induced demand. Every group's projected experience is bucketed into an unsloped rel cohort.

The second step is to adjust our experience for the estimated risk adjustment. We know the actual risk adjustment in 2022 by plan and we assume that these risk adjustments will be similar in the projection period by unsloped rel cohort. The actual CMS risk adjustment is applied to our experience to normalize out the impact of morbidity.

Induced Demand Factors:

The final step in calculating the Actuarial Value and Cost Sharing Adjustment is to adjust our claims experience for induced demand. It is understood that members with lower levels of member cost-sharing will utilize health care at a different level than those with higher levels of member cost-sharing. Members on richer plans will utilize services more than groups on leaner plans all else equal. In addition to the impact of cost sharing, HSA (or HRA) contributions and/or associated account funds can impact utilization differently than plans without any such funds. Without accounting for slope richer plans would be underpriced and leaner plans over-priced.

Provider network, delivery system and utilization management adjustment

Any adjustments for these items are included in the plan relativity factors.

Benefits in Addition to EHBs

The Index Rate for the experience period is equal to the allowed claims PMPM. Benefits that are in excess of EHBs are estimated to be a de minimis amount. Therefore, the allowed claims were not adjusted to exclude these benefits.

Distribution and Administrative Costs

Distribution and administrative costs include premium tax, risk adjustment user fees, SG&A, quality improvements, federal income tax, and after-tax income. Risk adjustment transfers, net reinsurance recoveries, and exchange fees are excluded because they are accounted for in the market adjusted index rate.

Administrative Expense Load

The administrative expense load is a long-term estimate of administrative expenses, including selling expenses and general administrative expenses. [REDACTED]

These assumptions are based on the general ledger actual results for 2023 with known adjustments. Known adjustments include, but are not limited to, pay increases/raises for employees and administrative expenses as a result of Healthcare Reform and compliance requirements. The administrative expense allocation methodology used in pricing is appropriate because it is consistent with how UnitedHealthcare runs its business and how it allocates administrative costs for Statutory Filings and the Healthcare Reform Exhibits.

Profit and Risk Margin

The profit and risk margin is shown in Worksheet 2, Section 3 of the URRT. [REDACTED]

The profit and risk margin is derived from the difference between the administrative expenses, taxes and fees, and 1 minus the target loss ratio and the administrative expenses, taxes and fees.

The profit and risk margin results in an anticipated MLR that is above the minimum requirements as described in the Projected Loss Ratio section.

Taxes and Fees

Taxes and fees are expected to be [REDACTED] and include premium tax, exchange fees (if any), risk adjustment user fees, and federal income tax. The following is a breakdown of the taxes and fees.

Section 12: Calibration

Plan Adjusted Index Rates need to be calibrated to apply the allowable rating factors of age and geography in order to calculate the Consumer Adjusted Premium Rates. Calibration factors are applied uniformly to all plans.

Age Calibration

The calculated age curve calibration is 0.693, which equals the one divided by the average age factor of the expected member distribution by age. The age factors used in this calculation are the HHS-specified age curve.

Geographic Calibration

The geographic factor calibration is 1.260, which equals the one divided by the expected average area factor. A table of the geographic rating factors is below.

Geographic rating factors are reviewed periodically versus UnitedHealthcare claims data that reflects unit cost differences by county. Such a review was conducted as part of our January 1, 2025 rate development.

Population morbidity by area was not considered when determining geographic area factors.

Tobacco Calibration

Tobacco factors are not used in the rating of these products, and no calibration is needed.

Calibrating the plan adjusted index rate to the age curve and geographic distribution results in the calibrated plan adjusted index rate for each plan. The calibrated plan adjusted index rate represents the preliminary premium rate charged to an individual before applying the consumer specific rating adjustments for age and area.

Section 13: Consumer Adjusted Premium Rate Development

The consumer adjusted premium rate is the final premium rate that is charged to an individual. It is developed by calibrating the plan adjusted index rate, and applying the consumer specific age, and geographic rating factors. The calculation is provided below.

$$\begin{aligned} & \text{Plan Adjusted Index Rate} \\ X & \text{ Age Calibration Factor} \\ X & \text{ Geographic Calibration Factor} \\ X & \text{ Consumer Specific Age Rating Factor} \\ X & \text{ Consumer Specific Geographic Rating Factor} \\ X & \text{ Small Group Trend Adjustment} \\ \hline = & \text{ Consumer Adjusted Premium Rate} \end{aligned}$$

Section 14: Projected Loss Ratio

The projected loss ratio using the federally prescribed MLR methodology for calendar year 2025 is [REDACTED] UnitedHealthcare Insurance Company of Illinois agrees to comply with the rebate requirements of 45 CFR Part 158 should the actual market MLR fall below the 80.0% requirement.

Section 15: AV Metal Values

The AV calculator used to calculate the AV metal values is based on a prescribed methodology and, therefore, does not necessarily reflect a reasonable estimate of the portion of allowed costs covered by the associated plan.

Some plans within this portfolio have cost sharing features that differ between individual and family coverage (i.e., when two or more people are covered by the plan). For all plans, consistent with the Actuarial Value Calculator inputs, we have used only the cost sharing provisions applicable for individuals in the actuarial value calculation.

The AV calculator was used to determine the AV metal values shown in Worksheet 2 of the Part I Unified Rate Review Template for all plans. Some of our plan designs are not directly compatible with the AV calculator. The values were developed in accordance with generally accepted actuarial principles and methodologies. Additional details are provided below to describe the types of adjustments that were made for plan designs that are not directly compatible with the AV calculator.

Section 16: Membership Projections

Member distribution by plan was then based on current enrollment, taking into consideration changes in the portfolio of plans to be offered in 2025. Strictly for purposes of the URRT, we have projected membership by plan.

Section 17: Terminated Plans and Products

The following plans will be terminated and no longer available for renewal at the end of 2024.

These plans are not being mapped to specific plans. Rather, at renewal, employers are given the option to select from multiple plans.

Section 18: Plan Type

A plan type of POS has been selected, which describes the plans exactly.

Section 19: Reliance

Due to responsibility allocation, I have relied upon other individuals within the UnitedHealthcare organization to provide certain assumptions. Although I have performed a limited review of the information and have not found it unreasonable or inconsistent, I have not reviewed it in enough detail to fully judge the reasonableness of the information due to the substantial amount of additional time required. I have therefore relied upon the expertise of those individuals who have developed the assumptions, and am providing the information required by Actuarial Standard of Practice 41, section 4.3. A list of reliances is included below.

UnitedHealthcare Finance Department

- Projected SG&A Assumption

UnitedHealthcare National Pricing Team

- Plan Relativity Modeling

UnitedHealthcare Healthcare Economics Department

- Projected Trend
- Claims Reserves
- ACO/Premium Designated Provider Cost Savings Estimates

Section 20: Actuarial Certification

I, [REDACTED] am a Director for UnitedHealthcare and a member of the American Academy of Actuaries. I meet the Academy's qualification standards for rendering statements of actuarial opinion with respect to the filing of rates for health insurance products.

To the best of my knowledge and judgment, I certify that:

- The projected index rate is:
 - In compliance with state and federal statutes and regulations related to the development of the index rate and allowable rating factors (such as 45 CFR 156.80 and 147.102),
 - Developed in compliance with the applicable Actuarial Standards of Practice,
 - Reasonable in relation to the benefits provided and population anticipated to be covered,
 - Neither excessive, deficient, nor unfairly discriminatory.
- The index rate and only the allowable modifiers as described in 45 CFR 156.80(d)(1) and 45 CFR 156.80(d)(2) were used to generate plan level rates.
- The geographic rating factors reflect only differences in the costs of delivery and do not include differences for population morbidity by geographic area.
- The AV calculator was used to determine the AV metal values shown in Worksheet 2 of the Part I Unified Rate Review Template for all plans. Some of our plan designs are not directly compatible with the AV calculator. The values were developed in accordance with generally accepted actuarial principles and methodologies. The unique plan design actuarial certification required by 45 CFR Part 156.135 has been separately attached.
- The Part I Unified Rate Review Template does not demonstrate the process used by the issuer to develop their rates. Rather, it represents information required by federal regulation to be provided in support of the review of rate increases, for certification of qualified health plans for federally facilitated exchanges, and for certification that the index rate is developed in accordance with federal regulation and used consistently and only adjusted by the allowable modifiers.

Description of Service Areas:

Rate Change Summary:

Average Rate Change:	8.10%
Maximum Rate Change:	10.70%
Minimum Rate Change:	-0.70%

Expected Number of People Affected:

Company Justification for Rate Change:

There are many different healthcare cost trends that contribute to increases in the overall U.S. healthcare spending each year. These trend factors affect health insurance premiums, which can mean a premium rate increase to cover costs. Some of the key healthcare cost trends that have affected this year’s rate actions include:

- Increasing cost of medical services: Annual increases in reimbursement rates to healthcare providers, such as hospitals, doctors, and pharmaceutical companies.
- Increased utilization: The number of office visits and other services continues to grow. In addition, total healthcare spending will vary by the intensity of care and use of different types of health services. The price of care can be affected by the use of expensive procedures such as surgery versus simply monitoring or providing medications.
- Higher costs from deductible leveraging: Healthcare costs continue to rise every year. Because deductibles and copayments remain the same on many plans, a higher percentage of healthcare costs need to be covered by health insurance premiums each year.
- Cost shifting from the public to the private sector: Reimbursements from the Centers for Medicare and Medicaid Services (CMS) to hospitals do not generally cover the cost of providing care to these patients. Hospitals typically make up this reimbursement shortfall by charging private health plans more.
- Impact of new technology: Improvements to medical technology and clinical practice often result in the use of more expensive services, leading to increased healthcare spending and utilization.

Expected Medical Loss Ratio:	78.8%
Expected Annual Medical Trend:	8.8%
Expected Administrative Cost Ratio:	11.4%

Illinois Small Employer Group (1-50) Rate Filing Actuarial Memorandum

UnitedHealthcare Insurance Company of Illinois

1 – General Information

1A - Scope and Purpose of Filing

The purpose of this memorandum is to provide relevant actuarial information regarding the development of premium rates for small employer group insurance sold by UnitedHealthcare Insurance Company of Illinois (UnitedHealthcare). Small group to UnitedHealthcare means groups with between 1 and 50 eligible employees (1-50); that is, employer groups that are subject to small employer group health insurance regulations as promulgated in Illinois Code (IC) 215 ILCS 93. The rates are applicable for medical (including drug) expense benefits. This rate filing is prepared according to the Illinois Department of Insurance – “Illinois Actuarial Memorandum Requirements – Small Group” document.

This rate filing is intended to revise rates for products compliant with the Affordable Care Act (ACA).

This filing should not be used for any other purpose.

1B - Market

This filing impacts the Small Employer Group (1-50) block for this license in the state of Illinois.

1C - Policy Forms

The form numbers associated with this filing are:

1D - Description of Benefits

Group comprehensive medical and prescription drug benefit plans sold to employers with between 1 and 50 eligible employees. The benefits have been revised to meet the essential health benefits as prescribed by the state of Illinois.

1E - Marketing Method

The market for this product is Small employers with between 1 and 50 eligible employees. The product is sold to employers usually via a broker.

2 – Proposed Rates

2A - History of Rate Adjustments

- [Redacted]

• [Redacted]

2B - Effective Date of Requested Rate Increase

The rates presented in this filing are for effective dates of coverage beginning 1/1/2025.

2C - Months of Rate Guarantee

Rates are guaranteed for 12 months.

2D - Effective Through Date and Any Rate Increase Schedule Applicable

Rates are effective through 12/31/2025. [Redacted]

2E - SERFF Number of Prior Filing

UHLC- 134001866

2F - Effective Date of Prior Filing

The effective date of the prior filing was July 1, 2024.

2G - Proposed Percentage Rate Change

UnitedHealthcare is proposing a [Redacted], which is the combination of [Redacted].
Please see URRT Worksheet 2 for proposed rate changes by plan.

[Redacted]

2H - Reason for Rate Change

Base Rates:

The changes proposed in this filing will be effective for groups renewing or purchasing coverage between 1/1/2025 and 12/31/2025.

Pricing Trend: Updated cost and utilization analyses suggest a

2I - Average Annual Premium

The current average annual premium in the experience period is per member. Following our proposed rate changes, the average annual premium is expected to be per member.

2J - Number of Policyholders and Covered Lives

As of December, 2023 there were on ACA compliant policies in the 1-50 market segment for employers located in IL on this license. Covered lives include covered employees and their dependents.

2K - Projected Loss Ratio with Proposed Rate Increase

The projected loss ratio with the proposed rate change is . These loss ratios do not follow the prescribed MLR methodology. If the actual loss ratio is below the 80% MLR requirement for small business, rebates will be paid as the law requires.

2L - Cumulative, future and lifetime loss ratios

Not applicable, rated on an annual basis.

3 – Experience Period Premium and Claims

3A - Dates of Service for the Experience Period Used to Develop Rates

The latest experience period for UnitedHealthcare Insurance Company of Illinois is 1/1/2023 through 12/31/2023.

3B - Dates Through Which Claims Were Paid

Claims were paid through February 2024.

3C - Estimated Allowed Claims During the Experience Period Used to Develop Rates

The estimated allowed claim amount in the experience period is approximately . There were member months during that time.

3D - Method of Determining Allowed Claims

Incurred claims were developed by first starting with actual claims paid through February 2024 sorted by incurred date. Estimates of incurred but not paid were added to these paid claims. Member cost sharing payments were also added to the paid claims to determine the final allowed amount.

3E - Incurred but Not Paid Claims

The allowed claims amount incurred during the experience period but not paid was estimated at [REDACTED] million.

3F - Premium in Experience Period (Net of MLR Rebate)

The total premium (net of MLR rebate) during the experience period was approximately [REDACTED]

4 – Adjustments to Allowed Claims during the Experience Period

4A&B - Adjustments to Allowed Claims during the Experience Period

The only adjustment was for the Incurred but Not Paid claims amount.

5 – Projection Factors

5A - Changes to Benefits

None

5B - Trend Factors (Cost and Utilization)

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[Redacted]

5C - Quarterly Trend Factors

The current and proposed trend factors are included in the table below:

[Redacted Table]

5D - Projected Changes in the Demographics of the Population Insurance

The age factors do not account for aging that occurs during the policy year. The HHS proposed age factors are used in rating.

5E - Projected Changes in the Morbidity of the Insured Population

Adjustments that we will continue to monitor but have not included in this filing include the following:

- [Redacted]
- [Redacted]

5F - Other Projected Changes

The "Other" column in the URRT includes adjustments for items that are not otherwise reflected in our rating experience.

[Redacted]

6 – Credibility Manual Rate Development

6A - Methodology Used to Develop the Credibility Manual Rate

UnitedHealthcare's experience includes [REDACTED] member months in the 2023 experience period which we consider fully-credible. No manual rate adjustment is used.

6B - Source and Appropriateness of the Experience Used to Develop the Credibility Manual Rate

Not applicable. The experience was deemed to be 100% credible and the manual rate was not used.

6C - Adjustments Made to the Data Used to Develop the Credibility Manual Rate

Not applicable. The experience was deemed to be 100% credible and the manual rate was not used.

6D - Inclusion of Capitation Payments in Developing the Credibility Manual Rate

Not applicable. The experience was deemed to be 100% credible and the manual rate was not used.

7 – Credibility

7A - Credibility Methodology

The experience period membership is sufficiently large and is considered fully credible.

7B - Credibility Level

100% credibility was assigned to the base period experience.

8 – Covered Services

8A - Covered Services – Essential Health Benefits

All Essential Health Benefits (EHBs) are covered.

8B - Covered Services – State Mandated Benefits Which Are Not Essential Health Benefits

Abortion services are covered as mandated by the state.

8C - Covered Services – Eliminated Benefits

None

8D - Covered Services – Additional Mandated Supplementary Benefits

None

8E - Covered Services – Changes in the Level of Covered Services

None

8F - Covered Services – EHB Substitutions

None

9 – Credibility Adjusted Projected Claims

The projected allowed claim amount is approximately [REDACTED]

10 – Projected Index Rate

The Projected Index rate is [REDACTED] and the Projected Market Adjusted Index Rate is [REDACTED]

11 – Risk Transfer Payment

[REDACTED]

12 – Development of the Market Adjusted Index Rate

The market adjusted index rate includes market-wide adjustments for the risk adjustment program and exchange user fees. Please refer to Risk Transfer Payment section and the Non-Benefit Expenses and Profit section of this memorandum for a brief description of each of these items. Incurred values were grossed up by the average paid-to-allowed ratio to reflect an allowed basis.

[REDACTED]

13 – Plan Level Adjusted Index Rate

The development of the projected index rate and all rating factors is in compliance with all applicable federal statutes and regulations (45 CFR 156.80 and 147.102)

Actuarial Value and Cost Sharing Adjustment

[REDACTED]

[REDACTED]

[REDACTED]

Induced Demand Factors:

[REDACTED]

Provider network, delivery systems and utilization management adjustment

Any adjustments for these items are included in the plan relativity factors.

Benefits in Addition to EHBs

The Index Rate for the experience period is equal to the allowed claims PMPM. Benefits that are in excess of EHBs are estimated to be a de minimis amount. Therefore, the allowed claims were not adjusted to exclude these benefits.

Distribution and Administrative Costs

Distribution and administrative costs include premium tax, PCORI fees, SG&A, quality improvements, federal income tax, and after-tax income. Risk adjustment transfers and user fees and exchange fees are excluded because they are accounted for in the market adjusted index rate.

15 – Paid to Allowed Ratio

The Paid to Allowed Ratio is [REDACTED]. The paid to allowed average factor for the projection period is based on the actual paid to allowed in the experience period, adjusted for expected leveraging and migration to new plans.

16 – Non-Benefit Expenses Including Risk and Profit Margin

16A - Projected Non-Benefit Expenses, Risk and Profit

Administrative Expenses - The administrative expense assumption is a long-term estimate of administrative expenses, including commissions, management fees, and other SG&A. [REDACTED]

Taxes and Fees - The taxes and fees assumption includes premium taxes and federal income taxes.

Profit & Risk Margin - The profit and risk load does not include any risk contingency assumption. [REDACTED]

16B - Comparison of Current and Proposed Non-Benefit Expenses, Risk and Profit

The tables below illustrate the anticipated non-claim expenses incurred by UnitedHealthcare as a percent of total premium collected. This is used to calculate the anticipated loss ratio that is then used in the base rate development. The anticipated loss ratio does not equate to the federal MLR used to calculate insurer rebates as there are multiple components illustrated below that are excluded/credited from the federal MLR calculation.

16C - Varying Non-Benefit Expenses by Plan

The administrative expense and profit/risk margin are shown on Worksheet 2, Section III of the URRT.

17 - Adjusted Community Rating Factors

17A - Age Factors

UnitedHealthcare's age factors will follow the 2025 federal recommended factors, which are shown below. Gender is not considered as a rating factor. Age factors are not changing with this filing.

Age	Current Factor	Proposed Factor
0	0.765	0.765
1	0.765	0.765
2	0.765	0.765
3	0.765	0.765

62	2.873	2.873
63	2.952	2.952
64	3.000	3.000
Over 64	3.000	3.000

17B - Geographic Factors

Geographic rating factors are reviewed periodically versus UnitedHealthcare claims data that reflects unit cost differences by county. Such a review was conducted as part of our January 1, 2025 rate development.

17C - Tobacco Factors

Tobacco status will not be used in rating in this 1/1/25 filing. Both tobacco users and non-tobacco users will get a 1.0 factor in rating.

17D - Family Composition

Final rates will be determined by calculating a rate for each individual member based on that member's age, benefit plan, and geographic area. The calculated rate for each member is aggregated to determine the group's rate. Only the three oldest dependents under 21 are used in the development of rates.

18 – Rate Tables

18A - Development of Rate Tables

The average demographic factors were projected based on the filed factors and the projected demographic make-up of the membership impacted by this filing. Those factors were considered when setting the base rates so that the required premium could be achieved.

The following example shows how UnitedHealthcare’s rating formula achieves premium rates for a hypothetical individual and an example benefit plan. This example illustrates a 25 year old; in geographic rating area 1, with benefit plan DYGK:

18B - Weighted Average Age

The weighted average age is approximately [REDACTED]. Please see the Age Curve Calibration section for more details.

18C - Age Curve Calibration

The calculated age curve calibration is [REDACTED], which equals the inverse of the average age factor of the expected member distribution by age. This corresponds with an approximate age of [REDACTED]. The age factors used in this calculation are the HHS-specified age curve.

18D - Geographic Calibration Factor

The geographic calibration factor is [REDACTED], which equals the inverse of the expected average area factor.

19 - Development of All Product Base Rates

The development of the base rates from the Index Rate to the Market Adjusted Index Rate to the Plan Adjusted Index Rate to the Calibrated Plan Adjusted Index Rate can all be seen on Worksheets 1 and 2 of the URRT.

20 - Risk Corridor Payments or Recoveries

There were no risk corridor payments or recoveries in the experience period.

21 - Company Financial Position

22 - Last Five Years' RBC

23 – Federal Medical Loss Ratio Requirements

23A - Projected Federal MLR

When calculating the MLR utilizing the Federal methodology, the estimated MLR is [REDACTED]. The table below illustrates the development of the projected loss ratio.

23B - Explanation for Future Loss Ratio

Not applicable.

24 - Reliance

Due to responsibility allocation, I have relied upon other individuals within the UnitedHealthcare organization to provide certain assumptions. Although I have performed a limited review of the information and have not found it unreasonable or inconsistent, I have not reviewed it in enough detail to fully judge the reasonableness of the information due to the substantial amount of additional time required. I have therefore relied upon the expertise of those individuals who have developed the assumptions, and am providing the information required by Actuarial Standard of Practice 41, section 4.3. A list of reliances is included below.

UnitedHealthcare Finance Department

- Projected SG&A Assumption

UnitedHealthcare National Pricing Team

- Plan Relativity Modeling

UnitedHealthcare Healthcare Economics Department

- Projected Trend
- Claims Reserves
- ACO/Premium Designated Provider Cost Savings Estimates

25 – Certifications of Compliance

Identification of the Certifying Actuary

I, [REDACTED] am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries. I satisfy the 2023 continuing professional development requirements of the Academy and therefore am qualified to issue this 2024 statement of actuarial opinion. I have reviewed applicable ASOPs during the preparation of this rate filing.

Certification of the Index Rate

I certify that the projected index rate is:

- In compliance with all applicable State and Federal Statutes and Regulations (45 CFR 156.80(d)(1)),
- Developed in compliance with the applicable Actuarial Standards of Practice,
- Reasonable in relation to the benefits provided and the population anticipated to be covered, and,
- Neither excessive nor deficient

Certification of the Plan Level Rates

I certify that the index rate and only the allowable modifiers as described in 45 CFR 156.80(d) (1) and 45 CFR 156.80(d) (2) were used to generate plan level rates

Certification of Metal AV

I certify that the AV Calculator was used to determine the AV Metal Values shown in Worksheet 2 of the Part I Unified Rate Review Template. Some plan designs did not fit into the AV Calculator and needed an adjustment to properly calculate the AV Metal Value.

Certification of Geographic Factors

I certify that the geographic factors do not reflect anticipated differences in morbidity by area. The factors were determined by first looking at the expected differences in unit costs and practice patterns by area. Adjustments were then made to mitigate any dramatic changes that would have resulted if the geographic factors were strictly based on unit cost expectations. This adjustment was not based on morbidity by area.

Certification of Compliance with Applicable Federal Regulations

I certify that the index rate and only the allowable modifiers as described in 45 CFR 156.80(d) (1) and 45 CFR 156.80(d) (2) were used to generate plan level rates.

I qualify my opinion to state that the Part I Unified Rate Review Template does not demonstrate the process used by UnitedHealthcare to develop the rates. Rather, it represents information required by Federal regulation to be provided in support of the review of rate increases, for certification of qualified health plans for federally facilitated exchanges, and for certification that the index rate is developed in accordance with Federal regulation and used consistently and only adjusted by the allowable modifiers.

Certification of Compliance with Actuarial Standards of Practice

Other Actuarial Disclosures:

- This rate filing document is uniquely identified with date/time stamp and filename shown in the document footer
- The intended user of this rate filing is the Illinois Department of Insurance
- There are no cautions with regards to risk or uncertainty in the items discussed in the rate filing
- This rate filings should not be used for any other purpose than which is stated in the “Scope and Purpose of Filing” section. Within that context, there are no limitations or constrains on the use or applicability of the rating items discussed herein.
- There are no conflicts of interest with regards to my production of this rate filing

All information is current-to-date shown in the footer; no information or subsequent event with any material impacts has arisen since the production of this document.

Actuarial Certification

To the best of my knowledge, I certify that the entire rate filing is in compliance with the applicable laws and regulations of the state of Illinois, the applicable Federal statutes and regulations, and complies with all applicable Actuarial Standards of Practice.

Final Comments

The information in this filing is accurate to the best of my knowledge as of the date of this filing. This concludes UnitedHealthcare’s rate filing. Should you need additional information, please contact me as shown below.

Respectfully submitted,

5 June 2024

Mr. Andrew Patton
Illinois Department of Insurance
320 West Washington Street
Springfield, IL 62767

RE: UnitedHealthcare Insurance Company of Illinois
SERFF Rate Filing UHLC-134116808
SERFF Form Filing UHLC-134123095

Mr. Patton,

The purpose of the rate filing is to revise rates for products currently compliant with the Affordable Care Act (ACA) provisions. These rate changes apply to the entire state of Illinois.

The filing has a requested effective date of January 1, 2025. An actuarial memorandum and an experience spreadsheet are included within the filing.

The form numbers associated with this filing are:

POL25.I.2018.SG.IL
COC25.INS.2018.SG.IL
COC25.INS.2018.SG.IL.HSA

We request that you keep this information confidential to the extent allowed by your laws and regulations.

Please feel free to contact me if I may be of assistance during your review. I can be reached directly via e-mail at kevin_j_morris@uhc.com.

Respectfully,

Kevin Morris, FSA, MAAA
Director Actuarial Services

Acting Director Ann Gillespie
Illinois Department of Insurance
320 W. Washington St.
Springfield, IL 62767

Re: UnitedHealthcare Insurance Company of Illinois
SERFF Tracking Number UHLC-134116808

Dear Acting Director Gillespie,

UnitedHealthcare Insurance Company of Illinois (UnitedHealthcare) respectfully requests the Illinois Department of Insurance keep the following items protected as proprietary or trade secret under Section (1)(g) of the Freedom of information Act [5 ILCS 140/7(1)(g)]. The information shown in the list of items below are not generally well known or readily available and could provide value to other health plans at UnitedHealthcare's expense. If competitors make subsequent business decisions in reaction to what they have learned, UnitedHealthcare could suffer economic harm. Keeping the documents mentioned below confidential will allow UnitedHealthcare to compete fairly in the Illinois market.

Trade Secret Documents:

- Rate Data Collection Form
- Federal Business Rules Template
- Service Area Crosswalk Template
- Federal Service Area Template
- Network Service Area Crosswalk Template
- AV Calculator Screenshots
- Proposed Enrollment Template
- Federal Plan Benefits Template
- Business Rules Template
- Unique Plan Design Justification
- State Actuarial Memorandum
- Federal Part III Actuarial Memorandum
- Federal Part I Unified Rate Review Template
- IDF Factor Support
- Rate Schedule
- All filing correspondence, including objections and responses to objections

It is acknowledged that certain elements of rate filing submissions will be made publicly available including:

- Confidentiality Request Letter
- Actuarial Certification
- Certificate of Compliance
- Cover Letter
- Redacted Actuarial Memorandum
- Redacted State Actuarial Memorandum
- Public Rate Filing Summary
- SERFF Rate/Rule Schedule tab
- Federal Rates Table Template
- Health Premium Rates Checklist

If you have any questions with regards to our trade secret assertion, please do not hesitate to contact me via email at kevin_j_morris@uhc.com

Respectfully,
Kevin Morris, FSA, MAAA

Joint Committee on Administrative Rules
ADMINISTRATIVE CODE

TITLE 50: INSURANCE
CHAPTER I: DEPARTMENT OF INSURANCE
SUBCHAPTER I: PROVISIONS APPLICABLE TO ALL COMPANIES
PART 916 REQUIRED PROCEDURE FOR FILING AND SECURING APPROVAL OF
POLICY FORMS
SECTION 916.EXHIBIT A CERTIFICATE OF COMPLIANCE

Section 916.EXHIBIT A Certificate of Compliance

Each company shall submit a "Certificate of Compliance" in substantially this format:

CERTIFICATE OF COMPLIANCE
UnitedHealthcare Insurance Company of Illinois

(Company Name)

By: Kevin Morris Title: Director of Actuarial Services

certifies that the policy forms as identified by either the Departmental listing attached to this Certificate of Compliance, or those filed by the company during this fiscal year, do comply:

- a) with all provisions of the Illinois Insurance Code applicable to the policy forms; and
- b) with all provisions of 50 Ill. Adm. Code applicable to policy forms;

and does further certify to the best of our knowledge and belief that:

- 1) the forms do not contain any inconsistent, ambiguous or misleading clauses;
- 2) the forms do not contain specifications or conditions that unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the policy forms;
- 3) the only variation from the usual provisions of the policy forms are clearly marked or otherwise indicated;
- 4) the language of the policy form, as submitted or approved, shall be exactly as it has been or will be offered for issuance or delivery in the State of Illinois as approved by the Director, except for hypothetical data and other appropriate variable material; and

- 5) the policy forms do not contain any provision or clause currently being disapproved by the Director.

In utilizing the procedure for policy form filing and approval set forth in 50 Ill. Adm. Code 916, UnitedHealthcare Insurance Company of Illinois hereby expressly agrees and consents to a review, by the

Company of Illinois
Director, to be made at any time, and further hereby expressly agrees and consents to the discontinuance by the company of future use of the approved policy forms, 30 days from the date of mailing an order of withdrawal issued by the Director pursuant to Section 143(1) of the Illinois Insurance Code. The order shall set forth the reasons why the previously approved policy forms are violative of or contrary to the provisions of the Illinois Insurance Code or all provisions of 50 Ill. Adm. Code applicable to policy forms. Each company shall have the right to request a hearing within that 30 day period. The request shall be made in writing to the Director. The order of withdrawal shall be stayed and the company shall be given a hearing under the provisions of Sections 143(1), 401(c), 401.1, 402(2), 426 and 429 of the Illinois Insurance Code [215 ILCS 5/143(1), 401(c), 401.1, 402(2), 426 and 429] and 50 Ill. Adm. Code 2402, as may be applicable, to determine:

- a) whether the policy form shall be disapproved; and
- b) whether further orders of the Director may be appropriate.

Date: 6/5/24

(Source: Amended at 39 Ill. Reg. 2590, effective February 6, 2015)

Company Name UnitedHealthcare Insurance Company of Illinois

SERFF Filing Number UHLC-134116808

I, Kevin Morris, am a member of the American Academy of Actuaries and meet the Academy qualification standards to prepare this rate filing. I certify that:

1. The index rate was calculated appropriately and in compliance with applicable laws and actuarial standards of practice;
2. The plan level rates were developed using the index rate and only adjusted for allowable factors;
3. The standard Actuarial Value calculator was used to determine the metal Actuarial Value for each plan, or if an alternate methodology was used, the methodology is consistent with the Actuarial Value calculator;
4. The geographic factors reflect only differences in the costs of delivery (including both unit costs and provider practice patterns) and do not reflect differences in morbidity;
5. The proposed rates were developed in compliance with applicable Federal regulations;
6. The filing has been prepared in compliance with Actuarial Standards of Practice 8, 26, 31, and 41. (ASOP #31 was repealed by the Actuarial Standards Board in June 2009.)

I understand that any intentional material misstatements may result in disciplinary action.
