Acting Director

Honorable JB Pritzker  
Governor  
State of Illinois  
Springfield, IL

Dear Governor Pritzker:

I am pleased to submit the Annual Report on behalf of the Illinois Department of Insurance (DOI). The Department's mission is protecting consumers by providing assistance and information, efficiently regulating the industry's market behavior and financial solvency, and fostering a competitive insurance marketplace to benefit consumers.

Some 2023 highlights are shown by category below.

- **Climate**
  - The DOI joined the Sustainable Insurance Forum (SIF). SIF is a collaborative network aimed to address sustainability and climate change issues impacting insurance companies, insurance markets, and policyholders.
  - DOI joined the group of states requiring companies meeting the threshold to submit a climate survey.
  - An internal DOI Climate Committee meets regularly to discuss current issues and to increase agency knowledge on climate related issues.
- **International**
  - The DOI hosted 2 supervisory colleges and participated in 12 more, furthering our understanding of the largest insurance groups under our supervision and building relationships with insurance regulators globally.
  - The International Association of Insurance Supervisors (IAIS) is a standard setting body made up of insurance supervisors from jurisdictions around the world, including the Federal Insurance Office, the Federal Reserve Bank, all U.S. states, the District of Columbia, five U.S. territories, and the National Association of Insurance Commissioners (NAIC). The DOI was elected by the NAIC to represent US insurance regulators on a team of 7 international insurance supervisors established by the IAIS in June 2023 to review Insurance Core Principle (ICP) 16 on Enterprise Risk Management.
- **Significant legislative changes**
  - On June 27th, you signed legislation authorizing a new state-based marketplace (SBM) for Illinois. This initiative will give DOI and other state agencies additional tools to create a more consumer-focused health insurance exchange and better identify traditionally uninsured communities.
  - This same legislation provided the DOI with rate review authority for health plans in the individual and small group market. Beginning in 2025, companies that offer individual and small group health insurance policies will have to submit their proposed rates for the following year to the Insurance Department and they must be approved prior to use.
- DOI was reaccredited by the NAIC, the membership organization for state DOIs that sets insurance regulatory standards for all U.S. states, the District of Columbia, and five U.S. territories. The reaccreditation is good for 5 more years.

Acting Director

- The Department's Enforcement/Investigations Division collected \$115,791 from Surplus Lines with that division closing 528 cases.
- The Market Conduct Division closed out eight total examinations, four comprehensive and four targeted market conduct exams, taking in a total of \$1,328,000 in fines.
- We went live with a new consumer help system, the IDOI Help Center, which replaced our legacy consumer complaints system to more effectively advocate for Illinois consumers, bring complaints to a timely resolution, and have better access to our data.
- The Department also worked with state and federal partners to assist with enrollment for the Affordable Care Act (ACA) Marketplace plans. The Department's Get Covered IL (GCI) program provides outreach to educate Illinois residents about the importance of health insurance coverage, the affordability of quality coverage provided by ACA Marketplace plans, and opportunities to check their eligibility for tax subsidies and free enrollment assistance. ACA Marketplace total enrollment in Illinois for plan year 2023 was 342,995, compared to 323,427 for plan year 2022 and 291,215 for plan year 2021. The ACA Marketplace had eleven carriers for both plan years 2023 and 2022, up from eight in plan year 2021. There were 309 individual plans offered for plan year 2023 compared to 275 for plan year 2022.
- The Department's Life Policy Locator service assists consumers in identifying insurance companies with Illinois individual life insurance policies or annuity contracts naming a deceased family member in which a benefit is payable upon death. In 2023, the Department handled 1,369 requests and helped recover more than \$17.2 million for Illinois consumers. Since its inception in 2016, this service has handled 9,268 requests and recovered over \$136 million for Illinois consumers.
- Our service for Illinois insurance consumers and companies also included:
  - Processing more than 4,583 external review requests
  - Processing more than 2,880 health complaints
  - Resolving health complaints cases in an average of 7.5 days
  - Licensing 20 new companies (domestic and foreign)
  - Processing over 128 corporate filings
  - Processing 3,643 new and renewal surplus lines producer licenses

I hereby submit the Illinois Department of Insurance Annual Report for 2023, which contains a summary of the Department's regulatory units, administrative units, and fiscal operations.

Respectfully submitted,

A handwritten signature in cursive script that reads "Ann Gillespie".

# Organizational Structure

\*\*\*The following Divisions provide regulatory oversight of company market conduct, policy forms and rates, and solvency.

## Market Conduct Division

The Market Conduct Division’s mission is to monitor and examine insurance companies, to confirm compliance with Illinois laws and regulations, and to educate and inform insurance consumers. In 2023, outreach staff from across the Department connected with numerous local chambers of commerce, government partners, insurance producers, and local Navigators to provide consumers with the most up-to-date information for acquiring coverage and for filing complaints with the Department, which can lead to examinations and investigations.

Market conduct examinations and other enforcement investigations of insurance companies operating in the State of Illinois specifically examine a company’s compliance with applicable laws and regulations, including, but not limited to, consumer-related practices such as claims handling, underwriting, rating, advertising, licensing of agents and producers, complaint handling, and customer service. A team of staff and vendors with specializations in life, health, and property and casualty insurance conduct the Division’s examination work. The Division’s recent market conduct examination reports and orders issued can be reviewed online here:

## Financial and Corporate Regulatory Division

The Financial and Corporate Regulatory Division is responsible for analyzing and monitoring the financial condition and statutory compliance of insurance companies, Health Maintenance Organizations, and other insurance risk-bearing entities domiciled or licensed in Illinois. For more information on companies licensed in Illinois see appendix to this document.

This Division is also responsible for retirement systems and public pension funds pursuant to the provisions of the Illinois Pension Code (40 ILCS 5/1 et seq.). Of the 676 funds in Illinois, 15 are state-wide, state-financed, City of Chicago, or County of Cook funds. The other 661 funds are suburban and downstate police and fire funds, financed locally and regulated by the Pension Division. For more information see the “[2023 Biennial Report](#)” of the Pension Unit.

## Enforcement and Investigations Division

The Department consolidated the Workers’ Compensation Fraud Unit (WCFU) and Producer Regulatory Unit into a single Investigations Division to better coordinate regulatory and criminal investigations. The Producer Regulatory Unit regulates insurance producers and other Illinois insurance licenses through comprehensive investigations to examine compliance with Illinois insurance laws and rules.

The Producer Licensing, Education, and Testing Section develops and administers licensing examinations required of prospective insurance producers and public adjusters.

## Innovation and Emerging Issues Division

The Innovation and Emerging Issues Division provides support for entities exploring insurance innovation in

Illinois. The Division serves as the central point of contact for insurers that have innovative product offerings they wish to be reviewed by the Department. The Division is also responsible for staying abreast of emerging issues in the insurance realm and advising departmental leadership of these developments. Divisional staff participates in numerous National Association of Insurance Commissioner (NAIC) committees and working groups that involve topics such as artificial intelligence, climate, and other areas of emerging interest to the department.

## Office of Legal Affairs Division

In 2023, the Legal Division continued to support the Department's internal business units tasked with regulating the business of insurance within the state. The Legal Division directly assisted in the oversight of insurance producers, consumer complaints resolution, market conduct and financial examinations, and monitoring insurance company solvency.

## Legislative Affairs Division

The Legislative Affairs Division advises the Director and executive leadership team on legislative issues impacting Illinois insurance marketplaces and consumers, implements the Department’s legislative agenda, and works with federal and state legislative offices to resolve constituent inquiries.

The Department of Insurance works closely with legislators and other stakeholders to enact a robust legislative agenda. In 2023, the Department passed several key bills aimed at protecting consumers and increasing the administrative efficiency of the Department.

The Department, in conjunction with the Governor’s Office and the Department of Healthcare and Family Services, led legislative efforts to transition Illinois from a Federally-Facilitated Exchange to a State-based Marketplace under the Affordable Care Act (ACA). This will help protect consumers and small businesses by providing the State the authority and flexibility to operate the ACA Marketplace to fit Illinois’ needs and to increase health insurance access and affordability.

Additionally, Illinois has now adopted the NAIC Data Security Model Law, which puts in place requirements and procedures for insurers to conduct risk assessments, implement security programs, create incident response plans, submit a written certificate of compliance to DOI and notify the Director in case of a cybersecurity event has occurred. As cybersecurity events become more and more commonplace, this law will provide an important framework for insurers to be proactive in their data security protections.

The Department also runs an annual administrative correction bill, which resolves technical inconsistencies or removes obsolete statutes. Although these are often small-scale changes, this important function of DOI continually ensures the Illinois Insurance Code is as clear as possible for constituents, insurers and regulators alike.

This year, in accordance with agency and state-wide Diversity, Equity and Inclusion (DEI) goals, the Department passed a supplier diversity bill that will encourage the Illinois insurance industry to increase

procurement from diverse suppliers. It will require large insurers to submit a two-page report on the amounts they spend with businesses owned by minorities, women, LGBT individuals, veterans, and disabled veterans. The report template will be designed by DOI and once submitted, will be published on DOI's website. DOI will hold an annual insurance company supplier diversity workshop to discuss the reports with representatives of the company and vendors.

When there are major updates in statute, sometimes it's unclear on how the logistics will play out in a real-world scenario. When the IIB Domestic Stock Company Division Law was recently adopted, it allowed a domestic stock company to divide into two or more companies. The Division Statute allows amendments to a company's Plan of Division but needed to specify that amendments are subject to the Director's approval and should address any potential need to update the certificate of division. This was an important update to help make the Division Law process run more smoothly for both insurers and the Department.

While the Department is primarily viewed as a regulator of insurers, DOI also regulates public adjusters. Although public adjusters provide a valuable service for insureds as an advocate in complicated claims, DOI feels strongly that a public adjuster is obligated to serve with objectivity and complete loyalty for the interests of the client. To that end, the General Assembly passed a bill to assure that actions taken by the public adjuster serve the interests of the consumer, not themselves or any contractor or service provider.

Another lesser-known regulatory duty of the Department is to confirm that employers maintain workers' compensation coverage in compliance with the Workers' Compensation Act. To ensure interagency cooperation in this important protection, DOI passed a bill that gave authority for the Workers' Compensation Compliance Division to notify state agencies who license Illinois businesses, such as the Department of Public Health and the Department of Financial and Professional Regulation, of instances of noncompliance. This allows those Departments to withhold renewal of the licenses of bad actors who are refusing to come into compliance.

To maintain important protections for preventive services, DOI codified in Illinois law the ACA coverage provisions for preventive services that were in effect before a federal district court's decision in *Braidwood Mgmt. v. Becerra* to strike enforcement of the provisions for services recommended by the United States Preventive Services Task Force. Even if the district court decision is upheld on appeal, or if future federal litigation or action by Congress further erodes the ACA, this law will ensure that Illinoisans continue to enjoy coverage for preventive services without having to pay a copay, coinsurance, or deductible.

As the federal government moved to unwind the Public Health Emergency protections that were required to address the COVID-19 health crisis, many consumers who were previously covered under Medicaid no longer qualified for the program. An individual who applies for Medicare Supplemental policies during their open enrollment window must be issued the policy of their choosing from any carrier, and the carrier cannot charge them higher premiums based on their health status. Outside open enrollment, these protections do not apply, so the Department passed legislation as part of the Medicaid omnibus bill to proactively address establishing a Medicare Supplemental Insurance special enrollment period with protections for Illinoisans in this unique situation.

The following insurance-related bills were passed in 2023. Complete texts can be found at <http://www.ilga.gov/>.
