2013

Cost Containment Annual Report to the Illinois General Assembly

Illinois Department of Insurance

Illinois Department of Insurance

PAT QUINN
Governor

ANDREW BORON
Director

To the Honorable Members of the General Assembly:

The Illinois Insurance Cost Containment Act requires the Director of Insurance to submit an annual report to the General Assembly containing an analysis of portions of the Illinois insurance market and a recommendation of the most appropriate and comprehensive cost containment system for the state (Article XLII, 215 ILCS 5/1202d).

In accordance with Section 1202 of the Illinois Insurance Code, [215 ILCS 5/1202] I am pleased to submit the Annual Report to the General Assembly on Insurance Cost Containment for 2013. It contains significant information from a national and Illinois perspective regarding the current conditions of the property and casualty insurance industry.

Sincerely,

A handwritten signature in black ink, appearing to be "A. B." followed by a horizontal line.

Andrew Boron
Director of Insurance

OVERVIEW

Section 1: OVERALL PROPERTY / CASUALTY INDUSTRY SUMMARY

This section provides and compares details of the Illinois property / casualty marketplace to nationwide data. It also provides a breakdown of all property / casualty premiums written on a regional basis and by significant line of business within Illinois.

Section 2: INDIVIDUAL LINE OF COVERAGE ANALYSIS

This section provides a detailed review of each of the following areas of insurance within the state of Illinois.

- Homeowners'
- Private Passenger Auto Liability
- Private Passenger Auto Physical Damage
- Commercial Auto Liability
- Medical Malpractice
- Other Liability
- Workers' Compensation

One aspect of each line of business monitored by the Department is market concentration. The Herfindahl/Hirschmann Index or (HHI) is a measure of the size of companies and is widely accepted as an accurate indicator of the amount of competition among individual companies in any given marketplace. The HHI is calculated by the summation of the squares of each company's individual market share. Generally, an HHI of 1800 or above is an indication that the given market may be highly concentrated and may be approaching anti-competitive behavior.

Section 2 contains a historical graph of the (HHI) for each of the lines of business indicated above. For all of the lines studied only the medical malpractice line continues to be considered highly concentrated in Illinois. This situation is not new and continues to be monitored by the Department.

Section 3: RESIDUAL MARKET MECHANISMS

Residual Market Mechanisms are established to provide specific insurance coverages to Illinois consumers who are unable to buy coverage in the open or voluntary markets. Coverages available to Illinois consumers through residual markets include property coverage, automobile coverage, and workers' compensation coverage.

The residual markets (FAIR Plan, Auto Plan, and Workers' Compensation Assigned Risk Pool) all have very small shares of the market which indicates healthy competition. The Workers' Compensation assigned risk market continues to be the largest residual market; representing 2.7 percent of the overall Workers' Compensation market.

In addition to residual market mechanisms Section 3 details recent activities of the surplus lines market. Illinois consumers unable to obtain coverage in either the voluntary market or the residual market mechanisms may be able to obtain coverage in the surplus lines market. The report reflects nothing of concern with the Surplus lines market mechanisms. However, the Department has little regulatory control regarding coverage placed in the Surplus lines market.

Section 4: OVERALL MARKETPLACE CONDITIONS

Lastly, the report identifies and examines several financial principles that are generally accepted measurements of market reliability and profitability. The Department recognizes that economic and market conditions during 2008 had dramatic effect on the short term profitability of the Property and Casualty industry in Illinois. Since 2008, the majority of statistics presented continue to confirm a steady, albeit modest recovery of the overall market. The Department will continue to monitor all available data related to the Property & Casualty insurance industry to assure that a healthy, competitive, and reliable insurance market remains available for all Illinois consumers.

SECTION 1: OVERALL PROPERTY / CASUALTY INDUSTRY SUMMARY

The following table provides a breakdown of total direct written premium and incurred losses for the property / casualty industry by state for the past 5 years.

Direct written premium in Illinois totaled \$19.4 billion in 2011, representing 5.2 percent of the total written premium nationwide. Additionally, Illinois continues to rank 5th of all states based on direct written premium. Illinois continues to maintain this ranking as well as a loss ratio comparable or lower than other states in the top 20 states as reflected below.

* Direct Pure Loss Ratio is calculated by dividing losses incurred by direct earned premium.
Source: NAIC State Data Network; aggregate Schedule T for all property/casualty insurers.

The following map identifies the percentage of total written premium and loss ratio for the property / casualty industry in ten regions of the United States during 2011 as well as the 5-year average.

Distribution of Direct Written Premium & Loss Ratios by Region

2011	Pacific	Mountain	Northwest Central	Southwest Central	Northeast Central	Southeast Central	Mid-Atlantic	South Atlantic	New England	Other*	Total All Regions
% Total DPW	14.1%	6.5%	8.1%	9.3%	15.1%	5.1%	14.4%	19.1%	4.4%	1.2%	100.0%
Direct Loss Ratio	55.1%	64.6%	74.9%	66.1%	70.1%	86.0%	66.3%	64.0%	63.1%	60.9%	67.0%
Loss Ratio – 5 year average	54.8%	61.6%	62.1%	64.7%	63.9%	60.5%	69.8%	58.7%	53.2%	60.9%	61.3%

*Other includes Puerto Rico and the U.S. Virgin Islands, Canada, American Samoa, Guam and N. Mariana Islands

Historically, significant weather activity contributed to an above average loss ratio in each of the southern regions. Recent reductions in the severity and frequency of storm activity in the Gulf of Mexico have reduced the 5 year average loss ratio for these regions to levels comparable to the other regions of the US.

The following graph reflects the distribution of all Illinois property / casualty insurance premiums written during 2011. Personal lines of insurance include Homeowners', private passenger automobile liability, and private passenger automobile physical damage coverage. Combined, these coverages make up approximately 41 percent of the overall property / casualty insurance written in the state of Illinois. The amount of written premium by line of insurance in 2011 remains very consistent with previous years.

**Percent of All Property/Casualty
Premiums Written in Illinois by line (2011)**

SECTION 2: INDIVIDUAL LINE OF COVERAGE ANALYSIS

HOMEOWNERS'

The following table compares homeowners' insurance written in Illinois to the nationwide market. For the fourth year in a row, the amount of written premium in Illinois continues to increase at a greater rate than premiums written nationally. In 2011, total written premiums for homeowners' coverage written in Illinois rose by 3.45 percent from 2010. Nationally, total written premium for all homeowners' coverage rose by 3.16 percent during the same period.

Homeowners' Underwriting Results (2011)

Homeowners' (\$000 omitted)	Illinois*	Nationwide**
Direct written premiums	2,837,048	53,005,968
Direct earned premiums	2,787,843	52,002,421
Expenses (% premium)		
Incurred losses	85.5%	78.7%
Def. & cost cont. exp. Incurred	1.2%	1.6%
Comm./brokerage	12.8%	12.7%
Taxes, licenses & fees	1.3%	2.4%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

The following chart provides a comparison of incurred losses for homeowners' insurance over the past 5 years. As indicated below, the loss ratio for both the Illinois and nationwide markets continued to increase during 2011. It should be noted however that Illinois experienced an increase in losses of 3.6 percent compared to an increase of over 15 percent countrywide.

Homeowners' Losses as a percent of Earned Premiums (2007 - 2011)

The following graph reflects the HHI for Illinois homeowners' insurance from 2007 through 2011. As the following chart shows, the homeowners' insurance market available to Illinois consumers continues to exhibit a healthy stable level of competition for Illinois consumers.

Illinois Homeowners' Insurance Market Concentration

The following table identifies the top ten writers of homeowners' insurance in Illinois based on written premium in 2011, and for comparison in 2010. In summary, the ten companies identified wrote over 1.9 billion dollars in written premium and combined for a total of 69 percent of the total Illinois market share in 2011.

Homeowner Coverage Descriptions

Homeowners' Insurance is generally purchased in one of several standard coverage types. The coverage types acknowledged as industry standards include HO-1, HO-2, HO-3, HO-4, HO-5, HO-6, & HO-8

- **Basic Form (HO-1)** – The most basic coverage type providing coverage against 11 specific factors or perils: fire, lightning, smoke, vandalism, theft, ice, snow, windstorm, hail, riot, and volcano eruption. The popularity of this policy has diminished over the years due to the policies extensive coverage gaps.
- **Broad Form (HO-2)** – HO-2 policy forms are also considered a basic coverage form but with a wider scope of coverage than the HO-1. Coverage under an HO-2 policy is limited to 17 perils specifically listed in the policy.
- **Special Form (HO-3)** - Offers property and liability coverage for the dwelling, other structures, and loss of use of the dwelling and other structures for all perils specifically listed in the policy (e.g., fire, lightning, windstorm and hail, falling objects, etc.). Personal property is also covered for perils listed in the policy. HO-3 covers more perils than an HO-2 policy.
- **Tenants Form (HO-4)** - Provides coverage for a renter's personal property, liability, and additional living expenses.
- **Comprehensive Form (HO-5)** - Covers your home and personal property for everything that is not specifically excluded in your policy. This type of policy provides the broadest coverage available but is not offered by all insurers and is usually more expensive. Personal property coverage under an HO-5 is generally broader than an HO-3 policy.

- **Condominium Form (HO-6)** - Covers a condominium owner's personal property and any additions and alterations made to the inside of the owner's unit. Condominium owners can also buy endorsements to protect property and for liability associated with their shares in the condominium association's common ownership.
- **Modified Coverage Form (HO-8)** - Provides coverage when an older home's replacement cost far exceeds its market value. This form allows the policyholder to carry lower limits of insurance rather than try to maintain 80% of replacement cost. The HO-8 policy provides varying methods of loss payment depending on whether the damaged or destroyed building is repaired or replaced.

The following table summarizes the amount of written premium paid by Illinois homeowners' during 2011 for each of the coverage types identified above.

Type of coverage	2011 Illinois Premium	Market Share
HO-1	1,673,536	0.06%
HO-2	74,281,051	2.80%
HO-3	1,986,040,439	74.84%
HO-4	78,574,958	2.96%
HO-5	359,400,767	13.54%
HO-6	139,415,350	5.25%
HO-8	14,324,049	0.54%
TOTAL	2,653,710,150	100.00%

PRIVATE PASSENGER AUTOMOBILE LIABILITY

The following table compares underwriting results for private passenger auto liability insurance written in Illinois with that written nationwide during 2011. The amount of premium written in Illinois for private passenger automobile liability insurance increased 1.1 percent in 2011 compared to an increase of 2.18 percent on a countrywide basis.

Private Passenger Automobile Liability Underwriting Results (2011)

PPAL(\$000 omitted)	Illinois*	Countrywide**

Taxes, licenses & fees	1.2%	2.3%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

As reflected in the following chart, the loss ratio for private passenger automobile liability insurance in Illinois continued to experience a significant reduction during 2011 while the nationwide ratio remained unchanged from 2010.

Private Passenger Auto Liability Losses as a percent of Earned Premiums (2007 - 2011)

As previously mentioned, an HHI of 1800 or above can be an indication of a highly concentrated and possibly anti-competitive market. As reflected below, consumers of private passenger automobile liability insurance in Illinois continue to enjoy a stable, highly competitive market.

Illinois Private Passenger Auto Liability Insurance Market Concentration

The following table identifies the top ten writers of private passenger automobile liability insurance in Illinois based on written premium in 2011. In summary, the ten companies identified wrote approximately 1.975 billion dollars in written premium and combined for a total of 61 percent of the total Illinois market share in 2011.

Taxes, licenses & fees	1.1%	2.2%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

The loss ratio for private passenger physical damage coverage experienced an increase both in Illinois and countrywide during 2011. The Illinois market reflected a 9.8% increase while nationally the increase was 6.6%.

Private Passenger Auto Physical Damage Losses as a percent of Earned Premiums (2007 - 2011)

As private passenger liability insurance and private passenger physical damage are closely associated and generally marketed jointly, the market concentration of the two lines of insurance should be closely related. As reflected in the following chart, Department research continues to indicate Illinois consumers are experiencing a healthy and competitive automobile physical damage market.

Illinois Private Passenger Physical Damage Insurance Market Concentration

The following table identifies the top ten writers of private passenger physical damage insurance in Illinois based on written premium in 2011. In summary, the ten companies identified wrote a total of 1.46 billion dollars in premium and combined for a total of 62 percent of the total Illinois market in 2011.

Geico Gen Ins Co	57,217,178	58,472,883	2.4%	2.4%	74.0%	57.2%
Travelers Home & Marine Ins Co	40,698,807	28,322,000	1.7%	1.2%	61.1%	62.7%

In addition to statewide data, the Department also collects private passenger auto physical damage insurance data pursuant to Title 50 Illinois Administrative Code Part 4203 as authorized by the Illinois Insurance Cost Containment Act, 215 ILCS 5/1200 et seq. This data allows the Department to identify and compare the 2011 market share for each company within the City of Chicago and remainder of the state to the statewide averages.

Company	Statewide	City of Chicago	Remainder of State
State Farm Mutual Automobile Insurance Company	26.8%	29.4%	26.3%
Allstate Insurance Company	5.5%	6.0%	5.4%
Allstate Fire and Casualty Ins Company	5.3%	7.1%	5.0%
American Family Mutual Insurance Company	4.4%	4.0%	4.4%
Country Preferred Insurance Company	4.3%	0.5%	5.0%
Illinois Farmers Insurance Company	4.1%	4.2%	4.1%
Country Mutual Insurance Company	4.0%	0.5%	4.6%
GEICO General Insurance Company	2.5%	4.8%	2.1%
Allstate Property & Casualty Ins Co	2.3%	2.6%	2.3%
The Travelers Home and Marine Ins Co	1.8%	1.1%	1.9%

COMMERCIAL AUTOMOBILE LIABILITY

The following table compares underwriting results for commercial automobile liability insurance written in Illinois with that written countrywide during 2011. The commercial automobile markets experienced mild increases in both the Illinois market and nationally. Written premiums for commercial automobile liability coverage in Illinois increased by 10.6 million dollars or 1.6 percent compared to an increase of 173.3 million or 1.2 percent countrywide.

Commercial Auto Liability Underwriting Results (2011)

Commercial Auto Liability (\$000 omitted)	Illinois*	Countrywide**
Direct written premiums	678,010	14,486,263
Direct earned premiums	672,545	14,372,455
Expenses (% premium)		
Incurred losses	60.7%	56.9%
Def. & cost cont. exp. Incurred	7.3%	5.7%
Comm./brokerage	14.9%	14.6%
Taxes, licenses & fees	1.6%	2.7%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

As reported with auto physical damage coverage and homeowner coverages, the commercial auto liability markets experienced a general increase in 2011. The Illinois market experienced an increase of 7.2 percent compared to a 5.9 percent increase countrywide during 2011. The overall increase in loss ratios is generally contributed to a significant increase in catastrophic losses, specifically violent spring storms in the Midwest and Southeast during 2011.

Commercial Auto Liability Losses as a percent of Earned Premiums (2007 - 2011)

As reflected in the following graph, the very low and stable HHI for the Illinois commercial automobile liability market continues to confirm a competitive market remains available to Illinois consumers. Based on these results the system for cost containment appears to be appropriate for Illinois consumers in this market.

Illinois Commerical Auto Liability Insurance Market Concentration

The following table identifies the top ten writers of commercial automobile liability insurance in Illinois based on written premium in 2011. In summary, the ten companies identified wrote a total of approximately 187.5 million dollars in premium and combined for a total of 27.6 percent of the total Illinois market share in 2011.

MEDICAL MALPRACTICE LIABILITY

The following table compares underwriting results for medical malpractice liability coverage written in Illinois with that written countrywide during 2011. The reduction in written premium within the medical malpractice market experienced over the last several years continued in 2011. The Illinois market experienced a reduction in written premium of 21.2 million dollars or 4.5 percent. Nationally, the reduction was 35.9 million or less than 1 percent difference from 2010.

Medical Malpractice Liability Underwriting Results (2011)

Medical Malpractice Liability (\$000 omitted)	Illinois*	Countrywide**
Direct written premiums	449,880	4,261,504
Direct earned premiums	450,708	4,238,927
Expenses (% premium)		
Incurred losses	19.8%	25.3%

Comm./brokerage	8.2%	9.7%
Taxes, licenses & fees	14.6%	1.9%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

As indicated below, the loss ratio for the medical malpractice market continues to improve both nationally and within Illinois. It should be noted that the loss ratio for the Illinois market decreased by 14.5 percent compared to a national reduction of only .10 percent during 2011.

Medical Malpractice Liability Losses as a Percent of Earned Premiums (2007 - 2011)

The following graph highlights the market concentration for medical malpractice carriers in Illinois between 2007 and 2011. Consistent with most states, the largest writer of medical malpractice insurance in Illinois remains a physician-affiliated company. In Illinois that provider is ISMIE Mutual Insurance Company, which wrote 62.9 percent of the medical malpractice coverage in 2011. The second largest medical malpractice insurer, by direct written premium, was Medical Protective Company, which wrote 6.0 percent of the Illinois market. As reflected below, the Illinois medical malpractice market remains a highly concentrated market.

Illinois Medical Malpractice Liability Insurance Market Concentration

The following table identifies the top ten writers of medical malpractice insurance in Illinois based on written premium during 2011. In summary, the ten companies identified wrote a total of approximately 399 million dollars in premium and combined for a total of 88.6 percent of the total Illinois market share in 2011.

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

As illustrated in the following chart the loss ratio for other liability insurance experienced a decrease in both the Illinois market and countrywide. The loss ratio for the market decreased by 16 percent in Illinois compared to a 4.9 percent nationally.

Other Liability Losses as a percent of Earned Premiums (2007 - 2011)

As with all other lines addressed in this report, the Department has determined the HHI for the other liability market available to Illinois consumers. The following graph confirms that the market continues to be very competitive and that the current market regulation systems related to this line of insurance appear to remain appropriate for Illinois consumers.

Illinois Other Liability Insurance Market Concentration

The following table identifies the top ten writers of other liability insurance in Illinois based on written premium in 2011. In summary, the ten companies participating in the other liability market wrote a total of approximately 768 million dollars in premium and combined for a total of 40 percent of the total Illinois market share in 2011.

WORKERS' COMPENSATION INSURANCE

The following table compares underwriting results for workers' compensation coverage written in Illinois with that written countrywide during 2011. The workers' compensation line also experienced an increase in written premium during 2011. The Illinois market reported an increase of over 119 million or approximately 5.5 percent increase during 2011. Nationally, the increase was approximately 2.6 billion or 9.3 percent.

Workers' Compensation Insurance Underwriting Results (2011)

Other Liability (\$000 omitted)	Illinois*	Countrywide**
Direct written premiums	1,927,054	35,720,780
Direct earned premiums	1,968,336	35,603,555

Taxes, licenses & fees	1.6%	2.2%

* NAIC State Data Network, 2011 Illinois State Page Exhibit

** NAIC State Data Network 2011 Insurance Expense Exhibit Part III

As illustrated below, the loss ratio related to workers' compensation activity in Illinois continues to remain higher than the national average. It should however be noted that the difference continued to narrow during 2011 to a difference of only 5.2 percent between the Illinois and national loss ratio in 2011.

Workers' Compensation Losses as a percent of Earned Premiums (2007 - 2011)

As with all other lines addressed in this report, the Department has determined the HHI for the workers' compensation market available to Illinois consumers. Based on available data, it appears the Illinois workers' compensation market continues to contain sufficient insurers to maintain a competitive market for Illinois employers.

Illinois Workers Compensation Insurance Market Concentration

The following table identifies the top ten writers of workers' compensation insurance in Illinois based on written premium in 2011. In summary, the ten companies identified wrote a total of approximately 563 million dollars in premium and combined for a total of 24.6 percent of the total Illinois workers' compensation market in 2011.

Top 10 Workers' Compensation Insurers in Illinois

SECTION 3: RESIDUAL MARKET MECHANISMS

States establish residual market mechanisms to provide coverage for consumers who are unable to buy coverage in the voluntary market. Illinois residual market mechanisms provide essential insurance coverage for the hard-to-place risk at rate levels approved by the Department. Illinois has residual market mechanisms for three lines of insurance: property, automobile, and workers' compensation.

PROPERTY

The Illinois FAIR Plan Association (FAIR Plan)

Fire and homeowners' insurance may be placed directly through the Illinois FAIR Plan. Both personal and commercial insurance is available to consumers. Insurance companies share in the FAIR Plan's profits and losses in proportion to their voluntary market shares.

In Illinois, property insurance is widely available in the voluntary marketplace and only a very small percentage of consumers obtain coverage through the FAIR Plan. In addition, Illinois consumers are not at a coverage disadvantage when they buy insurance from the FAIR Plan, as is the case in many other states. In other states, residual market programs typically only offer dwelling fire or basic homeowners' policies. Illinois has one of the most progressive plans in the nation. Through the FAIR Plan, Illinois consumers can buy virtually the same coverages that are available in the voluntary marketplace, including guaranteed replacement cost, sewer back-up, earthquake, and building ordinance and law endorsements.

The following table summarizes the amount of dwelling and homeowner premium written by the FAIR Plan in Illinois from 2007 through 2011. As reflected in the data, the consistently low market share reflects a very healthy and competitive primary insurance market.

**Written Premiums for Illinois FAIR Plan
(2007-2011)**

	Amount of Written Premiums	As % of Total Written Premiums
2007	\$6,047,739	0.23%
2008	\$5,258,275	0.19%
2009	\$5,193,870	0.20%
2010	\$5,542,885	0.20%
2011	\$6,194,487	0.22%

Source: Premium amounts provided by Illinois FAIR Plan

AUTOMOBILE

The Illinois Automobile Insurance Plan (Auto Plan)

Private passenger automobile risks are assigned to automobile insurers on a rotational basis in proportion to their share of the voluntary market. Assignments stay with the company and are not shared with other insurers. Commercial automobile risks are placed through servicing companies. Losses are divided among the voluntary writers of commercial automobile insurance in proportion to their share of the voluntary business.

The following table identifies the annual market share from 2007 through 2010 (latest data year available) for the Illinois Automobile Insurance Plan compared to nationwide data. The percent of written car-years is derived by dividing the number of written car-years insured through the residual market by the total number of written car-years insured through the voluntary market.

As indicated by the data, a comparison of the Illinois market share to the nationwide ratio reinforces the fact that the voluntary auto insurance market in Illinois is extremely effective.

Percent of Automobiles in the Illinois Assigned Risk Plan and the United States Composite Automobile Residual Market (2007-2010)

	2007	2008	2009	2010
Illinois	.02%	.01%	.01%	.01%
Nationwide	1.00%	.89%	.87%	.94%

Source: AIPSO Facts 2012/2013 (based on liability car-years)

WORKERS' COMPENSATION

The Illinois Workers' Compensation Assigned Risk Pool (Pool)

Several insurers act as servicing carriers for the Illinois Workers' Compensation Assigned Risk Pool. Losses are divided among the voluntary writers of workers' compensation in proportion to their shares of the voluntary business.

The following table highlights the percent of Illinois workers' compensation premiums written through the Pool between 2007 and 2011. As reflected below, based on premiums written through the Pool, the Illinois workers' compensation market continues to remain competitive.

Percent of Illinois Workers' Compensation Written Through the Pool (2007-2011)

	2007	2008	2009	2010	2011
Percent of Total	4.0%	3.7%	2.8%	2.6%	2.7%

Source: National Council on Compensation Insurance (NCCI)

All insurers who write workers' compensation insurance are assessed a fee to fund the assigned risk plan. The Take-Out Program allows each insurer who removes an employer insured through the Plan to be eligible for a credit against their assessed fee. The following table compares total credits during 2010 and 2011.

One factor contributing to the recent reduction of credits is the decrease in amount of coverage placed through the pool. As more coverage is placed in the voluntary market, the Assigned Risk Plan has less coverage available for the Take-Out Program. As indicated by these findings, the workers' compensation market continues to remain competitive at this time.

Illinois Take-Out Credit Results in 2010 and 2011

Year	Total Number of Policies Approved	Approved Credit
2010	4,797	\$21,047,254
2011	3,777	\$16,982,861

Source: National Council on Compensation Insurance (NCCI)

The following table ranks the top ten employment classes by the amount of premium written through the Assigned Risk Plan. The four employment class codes bolded in the following chart are new to this list in 2011

Illinois Residual Market Top Ten Classification Codes by Premium Volume for 2011

Rank	Code	Description	Total State Premium	% of Premium
1	7228	Trucking-Local Hauling Only-& Drivers	\$3,413,472	5.60%

SURPLUS LINES ASSOCIATION

Insurance placed in the surplus lines market is written by a non-admitted (unlicensed) insurer through a licensed surplus lines producer. The licensed producer must exercise due diligence in protecting the insured since the Department has little jurisdiction over unlicensed companies and the Illinois Insurance Guaranty Fund provides no protection for the consumer. Thus, it is the producer and not the Department who must determine the company's financial stability and standards of management prior to submitting the risk.

The following table outlines the number of policies written in Illinois from 2007 through 2011 by surplus lines producers for homeowners', private passenger auto liability and physical damage, commercial auto liability, medical malpractice, and other liability coverage. The dramatic increase in policies written in the surplus lines market reported in 2009 can be linked directly to a new automobile liability product providing indemnity coverages not normally provided by an automobile liability policy. In 2009, the number of policies written in the surplus lines market increased by 37.9 percent but the overall amount of written premium actually decreased by 7 percent during the same period. Since 2009, the market has stabilized in regards to policy count as well as premium.

As indicated above, the Department has little regulatory authority over this market. The ability to determine the competitiveness and health of the surplus lines market continues to be difficult to determine by the Department at this time.

Surplus Lines - Number of primary and excess policies written in Illinois (2007 - 2011)

Line of Business	2007 Illinois Policy Count	2008 Illinois Policy Count	2009 Illinois Policy Count	2010 Illinois Policy Count	2011 Illinois Policy Count
Homeowners'	357	385	644	1,049	2,077
PPA Liability	157	129	22,572	19,353	17,991
PPA Physical Damage	7,049	4,348	5,865	4,491	3,007
Commercial Auto Liability	121	149	166	277	278
Medical Malpractice	1,160	1,084	979	1,134	1,429
Other Liability	29,001	26,414	26,157	26,255	26,620
Grand Total -all policies-	67,738	62,622	86,378	85,143	84,320

SECTION 4: OVERALL MARKET PROFITABILITY & FINANCIAL REGULATION

Businesses that provide a financial service must be financially sound. An insurance contract has little value to the insured if there is no guarantee that the insurance company will have the money to pay claims when needed. In determining whether the overall marketplace is viable, the Department has considered a number of factors related to profitability and financial solvency.

PROFITABILITY

One measure of a company's financial performance is its profitability. Any for-profit organization must generate enough profit to survive and succeed. In a given month, if expenses exceed income they must be paid from reserve funds. If the trend continues, reserve funds run out causing the business to collapse. Therefore, it is imperative that insurance companies manage income and expenses to assure profitability and survival. When the majority of insurers in the market are competitive and profitable, the market is considered to be financially strong. Overall, the following measurements indicate a stable market. However, it should be noted that elevated losses during the period resulted in downward pressure on several individual statistics.

One measure of overall profitability is change in policyholders' surplus. This ratio measures a company's ability to increase policyholders' security. Policyholders' surplus is made up of: 1) underwriting gains or losses; 2) investment gains or losses; and 3) net contributed capital and other surplus changes. The following chart summarizes the change in policyholders' surplus for the Illinois-licensed property/casualty industry as a whole over the past five years.

Source: NAIC State Data Network

Another measure of overall profitability is return on policyholders' surplus. This ratio measures a company's overall profitability from underwriting and investment activity after taxes. It represents the financial cushion that protects policyholders in case of unexpectedly high claims. The return on policyholder surplus is determined as the sum of the net income after dividends, taxes, and unrealized capital gains divided by the average of the current year and prior year's policyholders' surplus.

The following chart summarizes the aggregate return on policyholders' surplus from 2007 through 2011 for the overall Illinois-licensed property / casualty industry. As reflected below, the dramatic decreases experienced during 2008 have all but been reversed over the past three years.

Source: NAIC State Data Network

The following table provides a summary of income from investments, net income, unrealized capital gains/losses and policyholders' surplus from 2007 to 2011 for all property / casualty insurers licensed in Illinois. As referenced above, the increase in losses during 2011 should be noted. However, it appears the overall market remains stable.

**Net Investment Income Earned, Net Income,
Unrealized Capital Gains/Losses and Policyholders' Surplus (in millions)**

	2007	2008	2009	2010	2011
Net Investment gain	\$59,558	\$32,268	\$36,798	\$54,172	\$51,062
Net Income	56,685	6,578	28,520	38,722	\$19,6461
Unrealized Capital Gains/Losses	8,131	(53,876)	28,925	13,800	(\$3,919)
Policyholders' Surplus	531,200	470,670	529,402	572,767	\$562,469

UNDERWRITING EXPERIENCE

The following table identifies the aggregate underwriting gain/loss for Illinois-licensed insurers from 2007 - 2011. As reflected below, the increase in losses and related expenses were the main force responsible for the posting of higher net underwriting losses.

Aggregate Net Underwriting Gain (Loss) (in millions)

	2007	2008	2009	2010	2011
Premiums earned	\$362,387	\$361,832	\$348,552	\$345,602	\$354,835
Losses incurred	205,225	241,197	211,845	212,975	239,896
Loss expenses incurred	42,990	41,872	43,006	43,075	43,163
Other underwriting expenses	98,687	98,441	96,373	97,794	99,623
Incurred					
Dividends to policyholders	<u>1,359</u>	<u>1,146</u>	<u>1,375</u>	<u>1,432</u>	<u>1,196</u>
Net underwriting gain/loss	<u>14,126</u>	<u>(\$20,824)</u>	<u>(\$4,047)</u>	<u>(\$9,674)</u>	<u>(\$29,043)</u>

INVESTMENT INCOME

One component of surplus is income derived from investments. The net investment income ratio measures income from invested assets relative to earned premiums. It is calculated by dividing net investment income (income from invested assets less investment expenses and depreciation on real estate) by earned premium.

The following chart shows the net investment income ratio for Illinois-licensed property/casualty insurers during the last five-year period. This ratio indicates the investment income component of overall profitability.

Net Investment Income Ratio (2007 – 2011)

INSURANCE REGULATION PRINCIPLES

Although the Department cannot guarantee an Illinois-licensed insurer's profitability, we do monitor the financial solvency and strength of Illinois-licensed insurers in several ways including:

1. Maintaining a staff of trained accountants and specialists trained to identify a company's developing financial difficulties. The Department can then take steps to minimize potential losses to Illinois policyholders;
2. Working closely with insurance companies with identified financial difficulties to minimize potential risk to policyholders, while attempting to resolve manageable problems or determine the need for rehabilitation or liquidation;
3. Employing field examiners for on-site evaluation of insurance company records;
4. Reviewing operations and compliance issues through scheduled, targeted, and special exams of known or suspected problems;
5. Maintaining a staff of actuaries who monitor the adequacy of loss reserves, cash flow testing, and proper valuation of assets;
6. Licensing and registering the many types of insurers, surplus lines producers, and risk sharing pools authorized by the Illinois Insurance Code and related Acts; and
7. Investigating unauthorized organizations or individuals thought to be conducting illegal insurance operations and taking regulatory action to remove them from the market to protect consumers from fraudulent activities.

APPENDIX B

Consolidated Liabilities, Surplus and Other Funds of Illinois-licensed Property/Casualty Insurers for the year ending December 31, 2011

LIABILITIES, SURPLUS and OTHER FUNDS		Current Year	Prior Year
1	Losses	392,977,996,879	386,306,663,674
2	Reinsurance payable on paid losses and loss adjustment expenses	14,365,192,110	12,705,009,300
3	Loss adjustment expenses	82,196,017,480	82,035,358,305
4	Commissions payable, contingent commissions and other similar charges	4,188,059,370	4,173,088,328
5	Other expenses (excluding taxes, licenses and fees)	21,525,872,127	20,982,044,133
6	Taxes, licenses and fees (excluding federal and foreign income taxes)	4,012,584,475	4,062,084,303
7.1	Current federal and foreign income taxes (including \$(1) on realized capital gains (losses))	2,076,407,734	2,458,404,611
7.2	Net deferred tax liability	10,108,540,137	11,698,956,667
8	Borrowed money \$(1) and interest thereon \$(2)	5,235,533,075	3,723,671,987
9	Unearned premiums (after deducting unearned premiums for ceded reinsurance of \$(1) and including warranty reserves of \$(2))	164,148,485,412	161,482,479,267
10	Advance premium	2,363,840,316	2,328,458,796
11.1	Stockholders (dividends declared and unpaid)	161,835,728	948,434,260
11.2	Policyholders (dividends declared and unpaid)	388,358,931	385,490,223
12	Ceded reinsurance premiums payable (net of ceding commissions)	30,208,291,863	25,968,772,316
13	Funds held by company under reinsurance treaties	23,228,421,338	21,817,417,745
14	Amounts withheld or retained by company for account of others	8,923,865,814	8,241,125,417
15	Remittances and items not allocated	1,063,081,976	1,268,883,658
16	Provision for reinsurance	2,667,972,864	2,869,956,782
17	Net adjustments in assets and liabilities due to foreign exchange rates	86,861,953	63,464,029
18	Drafts outstanding	3,499,972,962	3,288,805,503
19	Payable to parent, subsidiaries and affiliates	8,172,631,516	9,062,210,707
20	Derivatives	456,195,078	476,427,828
21	Payable for securities	2,121,873,806	1,673,479,386
22	Payable for securities lending	2,291,108,695	4,116,300,399
23	Liability for amounts held under uninsured plans	1,075,315	1,086,178
24	Capital notes \$(1) and interest thereon \$(2)	0	0
25	Aggregate write-ins for liabilities	39,813,909,826	38,889,719,385
26	Total liabilities excluding protected cell liabilities	826,283,986,756	811,027,793,212
27	Protected cell liabilities	0	0
28	Total liabilities	826,283,986,756	811,027,793,212
29	Aggregate write-ins for special surplus funds	55,335,522,630	54,429,903,009
30	Common capital stock	4,660,774,871	4,656,510,343
31	Preferred capital stock	1,199,698,579	1,223,011,499
32	Aggregate write-ins for other than special surplus funds	337,466,087	117,862,721
33	Surplus notes	14,625,784,225	15,723,574,336
34	Gross paid in and contributed surplus	210,135,602,458	205,697,733,391
35	Unassigned funds (surplus)	277,516,363,898	292,041,423,038
36.1	(1) Shares common (value included in common capital stock \$(2)) (less treasury stock at cost)	1,327,480,465	1,326,883,874
36.2	(2) Shares preferred (value included in preferred capital stock \$(2)) (less treasury stock at cost)	14,664,154	11,493,457
37	Surplus as regards policyholders	562,469,068,138	572,551,641,012
38	Totals	1,388,753,054,879	1,383,579,434,207

APPENDIX C

Consolidated Statement of Income for Illinois-licensed Property/Casualty Insurers for the year ending December 31, 2011

UNDERWRITING INCOME		Current Year	Prior Year
1	Premiums earned	354,835,337,737	345,704,113,107
2	Losses incurred	239,896,241,157	213,027,154,142
3	Loss adjustment expenses incurred	43,162,779,688	43,107,533,481
4	Other underwriting expenses incurred	99,623,260,203	97,797,274,872
5	Aggregate write-ins for underwriting deductions	1,439,657,418	(837,611,254)
6	Total underwriting deductions	384,121,938,462	353,094,351,241
7	Net income of protected cells	-	-
8	Net underwriting gain (loss)	(29,286,600,715)	(7,390,238,145)
INVESTMENT INCOME			
9	Net investment income earned	46,003,130,272	48,101,488,615
10	Net realized capital gains (losses) less capital gains tax	5,058,753,285	6,077,458,474
11	Net investment gain (loss)	51,061,883,558	54,178,947,085
OTHER INCOME			
12	Net gain (loss) from agents' or premium balances charged off	(909,383,072)	(1,033,299,862)
13	Finance and service charges not included in premiums	2,259,059,020	2,236,771,790
14	Aggregate write-ins for miscellaneous income	(87,040,109)	(767,191,006)
15	Total other income	1,262,635,833	436,280,913
16	Net income before dividends to policyholders, after capital gains tax and before all other federal and foreign income taxes	23,037,918,691	47,224,989,854
17	Dividends to policyholders	1,196,230,828	1,433,287,073
18	Net income, after dividends to policyholders, after capital gains tax and before all other federal and foreign income taxes	21,841,687,862	45,791,702,788
19	Federal and foreign income taxes incurred	2,200,288,312	7,080,496,515
20	Net income	19,641,399,554	38,711,206,284
CAPITAL and SURPLUS ACCOUNT			
21	Surplus as regards policyholders, December 31 prior year	572,551,641,038	529,784,503,435
22	Net income	19,641,399,554	38,711,206,279
23	Net transfers (to) from protected cell accounts	-	-
24	Change in net unrealized capital gains or (losses) less capital gains tax of \$(1)	(3,918,517,584)	13,801,992,908
25	Change in net unrealized foreign exchange capital gain (loss)	(332,626,723)	213,226,464
26	Change in net deferred income tax	1,007,529,901	(3,629,065,666)
27	Change in nonadmitted assets	(1,425,353,997)	2,781,323,869
28	Change in provision for reinsurance	210,912,555	446,423,385
29	Change in surplus notes	(1,098,297,695)	1,209,309,218
30	Surplus (contributed to) withdrawn from protected cells	1,800,000	-
31	Cumulative effect of changes in accounting principles	(20,444,063)	(3,611,711)
32.1	Capital changes paid in	6,501,504	13,838,738
32.2	Capital changes transferred from surplus (stock dividend)	756,867	45,633,543
32.3	Capital changes transferred to surplus	(2,500,000)	2,608,930
33.1	Surplus adjustments paid in	4,544,249,401	25,116,127,219
33.2	Surplus adjustments transferred to capital (stock dividend)	(35,383,847)	(47,027,689)
33.3	Surplus adjustments transferred from capital	(2,042,088)	(6,634,627)
34	Net remittances from or (to) home office	(45,819,951)	(56,364,035)
35	Dividends to stockholders	(29,117,521,023)	(37,252,528,971)
36	Change in treasury stock	(3,767,288)	(5,868,592)
37	Aggregate write-ins for gains and losses in surplus	506,551,257	1,426,548,341
38	Change in surplus as regards policyholders for the year	(10,082,573,247)	42,767,137,607
39	Surplus as regards policyholders, December 31 current year	562,469,067,797	572,551,641,036

APPENDIX D

Consolidated Exhibit of Premiums and Losses in the State of Illinois for All Illinois-licensed Proper/Casualty Insurers during 2011 EXHIBIT OF PREMIUMS AND LOSSES • BUSINESS IN THE STATE OF ILLINOIS DURING THE YEAR 2011

Line of Business	1 Direct Premiums Written	2 Direct Premiums Earned	3 Div. Paid or Credited to Policyholders On Dir. Bus.	4 Direct Unearned Premium Reserves	5 Direct Losses Paid (deducting salvage)	6 Direct Losses Incurred	7 Direct Losses Unpaid	8 Dir. Def. And Cost Containment Expense Paid	9 Dir. Def. And Cost Containment Expense Incurred	10 Dir. Def. And Cost Containment Expense Unpaid	11 Commission & Brokerage Expenses	12 Taxes, Licenses And Fees
